

Year 5 Summer Term

English

English this term, we're blasting off into an exciting Space-themed writing journey! 🚀 Building on our work with Grammarsaurus, we will be consolidating key Year 5 skills, including using ambitious vocabulary, varied sentence structures, and accurate punctuation.

We will write a range of engaging texts linked to our topic, such as narratives, dialogue, information texts, and even postcards from space! 🌍🌟

Maths

This term in maths our learning will be:

In maths, we will be covering:

Read, write, order and compare numbers with up to 3 decimal places.

Read and write decimal numbers as fractions.

Round decimals to the nearest whole number.

Identify equivalent percentages.

Draw, measure, estimate and compare angles.

Read and plot coordinates.

Science

As scientists this term, we will be exploring the fascinating topics of space and forces! We will learn about our solar system, including the Sun, Moon, and planets, and discover how they move and interact. We will also explore different types of forces such as gravity, friction, and air resistance, and understand how they affect the way things move. Through experiments and investigations, we will see how forces act in everyday life. Later in the term, we will even take part in exciting hands-on activities to bring our learning to life! 🚀
